Authorities Feared Disorder as Result of Expulsion of Three Men.

[Special to The Times-Dispatch.] Blacksburg, Va., March 3.—The entire cadet corps of the Virginia Polytechnic Institute was kept in quarters tonight by the college authorities, as a precautionary measure, to prevent possible disorder as the result of the expulsion of three men to-day.

The discipline cadets, whose names and specific offenses were not divulged under the rules, were, it was announced, guilty of insubordination.

Some discussion followed among the boys as to the advisability of holding a meeting of the student body to consider the discipline of the college. President Harpner and the commandant thought it prudent to guard against possible trouble, and the cadets were kept in their quarters.

It is anticipated that all will be quiet to-morrow, and that no action will be taken by the students.

## DANVILLE HIGH SCHOOL WINS DEBATE FROM LYNCHBURG

[Special to The Times-Dispatch.] Danville, Va., March 3.—The Danville High School won the debate from the Lynchburg High School last night at Rison Park. The affirmative side included Miss Dyer and Harry Berman, of this city, while the negative was handled by Blund Tucker and Terrell Scott, of Lynchburg. The question was, "Resolved, That as thorough training can be obtained in the secondary schools from the study of industrial arts in theory and in practice, as from the study of the classics."

## WOMEN MAY BE RELEASED.

Clever Legal Move for Alleged Murderers of A. G. Winn.

[Special to The Times-Dispatch.] Charlotte, N. C., March 3.—By a clever legal move, the attorneys for Annie Louise Stephens and Dora Wilson, charged now with the murder of A. G. Winn, the traveling salesman, paved the way to-day for proceedings which mean the release probably of their clients to-morrow. Intentionally to apply Judge Blegs at Gaston for habeas corpus, the lawyers instead petitioned the judge for a preliminary hearing, which was granted, and this was set for to-morrow morning before Judge Smith. There is no evidence against the women, except that they were charged with suspicion. It is practically certain that the recorder will release them. It is probably the first time in the State's history that the State has turned back to the county for a hearing in a murder case.

## TRUE BILLS RETURNED.

Indictments Against Former Election Officials by Grand Jury.

Norfolk, Va., March 3.—The Norfolk grand jury to-day returned true bill indictments against the judges of election in the Norfolk County in the Democratic election of August last. This action was in spite of the absence of poll books, which were missing from a box that had been broken into. Members of the political investigating committee testified as to the contents of the box. The grand jury found no evidence to justify the charges of gambling violations at Ocean View.

## OPINION NOT READY.

Decision in Lynchburg Local Option Contest Will Soon Be Handed Down.

[Special to The Times-Dispatch.] Lynchburg, Va., March 3.—When asked this afternoon when he expected to hand down an opinion in the local option contest, Judge Frank P. Christian, of the Corporation Court, said that further than the fact that the opinion would not be given this week, he could not say. Judge Christian said he would know to-morrow whether or not he would be ready to decide the case Monday, but in his written opinion in the case in such shape to-day that he could not then definitely set a time for its rendition.

Judge Christian was seen in his office this afternoon at 2 o'clock, at which time he was engaged in the preparation of his opinion. He seems to be of no doubt but he has decided the contest in his own mind, and that all remains to be done is to prepare it in written form.

Judge Christian has been out of the city for several days this week, and this, coupled with the death of a relative last week, has delayed the preparation of his written opinion, for he expected at first to have rendered it before this.

## NEW TRAFFIC LAW WINS APPROVAL

Reported for Adoption With but Few Amendments.

## LICENSES FOR CHAUFFEURS

Law Prohibiting Bonfires and Torpedoes Reported for Rejection.

After being amended in several minor particulars, the Unlawful Traffic ordinance was recommended to the Council for adoption last night by the Council Committee on Ordinance, Charter and Reform. The paper was considered section by section in detail, and covers every phase of the use of the streets by vehicles. It has been printed in full in The Times-Dispatch. An amendment was adopted providing a general speed limit in all parts of the city of fifteen miles an hour, except on certain specified congested streets, such as Broad from Adams to Twelfth, Main from Fourth to Nineteenth, and several cross streets; Hull Street, Cary Street, and others, and prohibiting the use of automobiles on highways, where the speed limit is placed at eight miles. Crossing street intersections the speed is also limited to eight miles. An amendment was also made exempting from certain requirements carriages forming or taking part in a funeral procession.

## Licenses for Chauffeurs.

An accompanying ordinance authorizing the Board of Police Commissioners to appoint three discreet persons as a board to examine and license chauffeurs and all other persons running automobiles on the streets of the city was also recommended for adoption. It exempts tourists in the city less than seven days, and prohibits driving cars by children under eighteen years. An amendment was added providing that any person convicted of gross violations of the traffic laws, or driving a car in an intoxicated condition, besides being fined for a misdemeanor, shall lose his license to drive a motor car.

The Mills ordinance to prevent encroachment of buildings on streets or sidewalks, requiring persons intending to build to file a survey of the lot, with plans of the building, before the Building Inspector grants a permit, was recommended for adoption. Another ordinance offered by Councilman Mills regulating the hours of sweeping sidewalks to prevent a public nuisance was also recommended for adoption.

## Use of Viaduct.

A subcommittee reported an ordinance in regard to the free use of the Marshall Street Viaduct by all city officers and employees when engaged on city business. Attorney Samuel E. Kelley, who appeared for the Richmond and Henrico Railway Company, said that the ordinance was made as broad as possible, but that the company would offer no objection. Mr. Menure thought the city should accept no such favors from the company, and recommended the ordinance be rejected. The ordinance was also opposed, but the ordinance was recommended to the Council for adoption.

An ordinance in regard to salaries in the Water Department was recommended for adoption after several proposed increases had been eliminated. It recommended the substitute proposes an increase for the First Assistant Superintendent from \$1,600 to \$1,800; of the chief clerk from \$1,150 to \$1,200, and of the foreman at the pump-house from \$2.75 to \$3 per day. ## HOBSON THINKS WAR WITH JAPAN CERTAIN

Agrees With Sir Frederick Villiers That This Country Is Standing Over Volcano—Will Never Permit Completion of Panama Canal.

Washington, D. C., March 3.—Representative Hobson, of Alabama, at the White House yesterday to see President Taft about an important Southern appointment, regarded as most probable the Senate's decision on the Panama Canal. Sir Frederick Villiers, the famous British war correspondent, now in Canada, that this country is standing over a volcano in its placid disregard of the consequences of a war with Japan.

Sir Frederick Villiers declared Americans to be "misguided people," "a nation of imperfection," and doomed to "certain, quick and absolute defeat" in what he regards as the inevitable attack that will come from Japan on some pretext or other.

"Every well posted diplomat in the world, every well informed officer of the United States Army and Navy, can, and does, see the inevitable," said Mr. Hobson, "where our people plainly disregard the truth in front of them. It is an awful pity, too."
